25. SHADOWS: putting pictures in the right places.
26. A NEW SCREEN: - **My World** - Choose from six categories to design a new screen. Click on the Word, Help and Resource buttons to open the choice panels. The choices are:- Circuits, Changing direction, Light and darkness , Sources of sound. **Textease** - Choose from the pictures in the word bank. These include parts of a circuit, the position of the sun, sources of light and sound.

FORMATS:

The My World format self installs. Textease users must copy the PhysTex folder to the hard drive, then create a shortcut on the desktop to the opening file, 1Phys.

The My World installer should install 'Ysgol 2. Textease users should click on the exe. file within the Fonts folder and follow the instructions to install 'Ysgol 2'
